We have visually inspected the school building of **Notre Dame School** situated at Kh. No. 56/8 [4-02] Eastern side 9[4-16], 10[4-16], 11[4-16], 12/1[2-02], 57/16/2[3-8] VPO- Kair, Najafgarh, New Delhi - 110043 on 26.06.2023 at the request of the owner. As per information and documents / Drawings furnished by the school, the building has been constructed in the year 2005-2007.

### Observations:

The existing school building consist of classrooms at Ground floor, First floor, Second Floor and Third Floor. The building is having RCC framed structure, cemented flooring and the walls plastered internal as well as external. The physical condition of the existing building / structure is in good condition. During the inspection we had not found any cracks, buckling and deflections in the columns, beams - slabs and deterioration in the building structure.

### Result:

This to certify that the structural part of the building on the above said has been designed on the basis of calculations in accordance with the permissible stresses and slenderness ratio as per National building codes/prevailing BIS codes for structural safety. The above-mentioned existing building satisfies the requirements of structural safety.

We are of the opinion that all works of engineering and construction of School building are structurally sound and the building stability will not be endangered by its further use.
